MARTINI

INSPIRED BY NATURE

Dear customers,

2025 marked an important milestone for Emerald: we proudly achieved **B Corp™ certification**. This confirms our commitment to high standards in social and environmental performance, transparency and accountability, while maintaining the product quality you rely on.

At Emerald, we believe spaces should feel as good as they look. Our collections help you create environments that inspire your customers, support your commercial goals. They bring a touch of nature into every setting. **Always inspired by nature.**

With that same dedication, we present our **2026 product catalogue.** Inside, you will find our renewed year-round collection of artificial flowers and plants. Each item is refined with the detail, colour and natural character you expect from us.

We invite you to explore this catalogue, discover new combinations and choose the pieces that will strengthen your business in the year ahead.

Warm regards,

Hans van de Kerkhof
Owner and Director, Emerald Eternal Green

GREEN GOALS

DISCOVER OUR ROAD TO A MORE SUSTAINABLE FUTURE

2017 – MEMBER OF AMFORI

2019 – SUSTAINABLE TRANSPORTATION PARTNERS

2020 – POLICY SET-UP WITH NOBLE ACHIEVERS

2022 – INTRODUCE PARTNERSHIP PRINCIPLES

2022 – WORK WITH ANTHESIS

We are running an international family business since the second generation joined Emerald. We are an expert in importing and exporting artificial flowers and plants. Hans van de Kerkhof shook the world of artificial flowers and plants in 1994 when he founded Emerald Eternal Green. Initially ran from his very own garage, the company began to grow, serving a number of customers across the world. Today, we are a truly international family business, and our team is now made up of almost 50 passionate colleagues. Inspired by nature, it's our mission to make the world a happier and more colourful place. As a family business, we are passionate about creating a sustainable future and strive to reduce our footprint on the world.

Below on this page you will find our sustainability roadmap. Our journey started in 2017 and had several milestones since then. After moving into our new, energy neutral headquarters in 2023 we decided to take the next step and started working with the Climate Neutral Group. The Climate Neutral Group which is based in Utrecht, the Netherlands, helps organizations to reduce their CO2 emissions.

2022/23 – NEW HQ WITH ZERO GAS EMISSIONS

2023 – COMPENSATION PROJECTS: AFFORESTATION & FOREST CONSERVATION

2024 – SUSTAINABILITY RESEARCH ARTIFICIAL VS. REAL FLOWERS

2025 – RENEWED ANTHESIS CERTIFICATION

2025 – OFFICIALLY B CORP CERTIFIED
